## Global Roaming Distribution Adds 100 New GSM Alliances CelTrek International SIM Card Increases Coverage to 172 Countries

Miami – (BUSINESS WIRE) – Global Roaming Distribution (OTCBB: GRDB – News), a telecommunications holding company specializing in providing extremely low-cost roaming solutions for corporate and leisure travelers around the globe announced they have added 100 new roaming partners. The new GSM alliances give full roaming access to its flagship product, the CelTrek SIM card in over 172 countries on over 450 GSM carriers.

These strategic alliances increase CelTrek’s coverage to include:

- British Virgin Islands
- Haiti
- Turks and Caicos Islands
- Djibouti
- Montserrat
- Palestine Authority.

“Our goal is to add all remaining countries throughout the year to truly live up to our name... Global Roaming,” said company CEO, Florian Y. Seroussi.

As the company launches their V3 CelTrek SIM with economical full internet and voice services, a real local US phone number, and now more countries than before, CelTrek sets its place as the most economical and practical choice for business and leisure travelers.

“Now travelers who depend on staying connected can more in more countries without the worry of a large roaming wireless bill or constantly changing phone numbers. One SIM card in one device, one phone number and you are connected world wide.” Seroussi added

“In addition to making and receiving calls, CelTrek users can browse the Internet, read their emails on gmail (GOOG) or anywhere else they have an email account and chat on Microsoft Messenger (MSFT). Users can also connect to Facebook and other social media networks all from their phone. Global Roaming Distribution delivers the online world to travelers whether you are using the iPhone (AAPL), a Blackberry (RIMM) or any other type of unlocked mobile phone.” Seroussi continued.

The data platform for CelTrek will be full Packet, including GPRS/EDGE and UMTS/HSDPA, giving users the full spectrum of coverage to go with their mobile devices on virtually any of the 450 GSM networks CelTrek covers in more than 172 countries.

**About [Global Roaming Distribution, Inc. \(GRDB.OB\)](#)**

**Global Roaming Distribution, Inc. is the parent company of CelTrek, an international global SIM card company.**

CelTrek™ is the first US-based SIM product of its kind. Just one CelTrek SIM card covers 172 countries, all continents with a local US phone number at prices up to 90% lower than those of other major US carriers.

By forming strategic alliances on over 450 GSM systems, embracing the latest features in SIM technology and bundling that with a corporate management system, CelTrek is positioning itself to be the business roaming solution for corporations and leisure travelers around the world.
